AURA

## USERS GUIDELINE

ALEXA SETUP GUIDE

—

1. Download and open the Alexa app (Android and iOS) on your Smartphone or tablet.

2. Select Devices in the lower right corner.

3. Press the Plus sign in the top right corner, or press the hamburger menu (the three horizontal lines) in the upper left

ALEXA SETUP GUIDE

—

5. Press the Amazon Echo icon, followed by the Echo Dot icon that appears on the next screen. Then, press the image of the second-generation Echo Dot.

6. Wait for your Echo Dot to appear on your phone and select it. You'll be prompted to go to your Wi-Fi settings. Once there, select the network called "Amazon-XXX." Then, return to the Alexa app.
